Please do not use your personal statement from your

application to the program. This paper should focus on a self-analysis of the impact of your individual, cultural, and social context factors that have influenced you and your decision to become a counselor. Maximum length: 3-4 pages.

Part 2: Look at the ACA subdivisions, choose the ones that are most related to your professional interests, find the journals associated with those divisions and find an article specifically related to your professional interests. After reading this article find two more articles from other sources related to this topic. List articles in APA style and write 3-4 sentences in review of each article, add a paragraph about something new you learned about your area of interest.

This is an exercise to help you get ready for the rest of your program where you will be pushed into your discomfort zone. However, the more you are willing to take a risk and push yourself now, the more you will benefit in your entire program. 3) Commit to an attitude of learning, not “cultural tourism,” your goal is to *experience* not to merely observe.

Resume (curriculum vitae format, include institutes and degrees)

Helping Experience

Description of 200 hours or more of experience in helping roles: This may be in previous employment, volunteer work or practicum placements. If you have other kinds of experience that might apply, check with your advisor about including that experience.

Documentation of Collaboration Skills

Please include the context; team projects, small group projects, class projects and other scenarios where you can describe your role and contributions to the group.

Documentation of Personal Counseling

Document at least 10 hours of personal counseling (individual, couple, family, or group).

Documentation does not require you to reveal any personal material, but does require both you and your professional mental health provider to sign a statement indicating that you completed at least 10 hours of personal counseling. **This personal work should be completed by the end of your first three semesters in your degree program.** The Department will also accept documentation of personal counseling completed prior to admission to the Counseling Psychology program. If you want information or advice about how and where you can obtain this experience, your advisor will be happy to discuss options with you. The internship/practicum administrator maintains a list of counselors who provide low-cost services.

12-Step Program Attendance

- 1. Attend a minimum of four meetings of various 12-step oriented groups**
- 2. Prepare a one-page, single-spaced summary of each of the separate meetings attended.**

We strive to prepare students in a comprehensive and best practice-based course of study to work effectively with clients impacted by the full range of presenting problems. This preparation includes acknowledging the importance of both mental health issues as well as the substance use disorders that often co-occur with mental health problems. Of specific importance to effectively treating dual diagnosis clients is developing a basic understanding of addiction and the role of community-based, 12-step groups that serve as vital supports to effective treatment efforts.

In recognition of this, all students are required to **attend a minimum of four meetings of various 12-step oriented groups** held in their communities. (By having the experience yourself, you should be more able to empathize with a client who may be involved in the recovery community or anticipating attending a meeting for the first time. In addition, you will be able to give basic information to clients about how to contact 12-step groups, where to go, and what to expect.) **Students are also required to prepare a one-page, single-spaced summary of each of the separate meetings attended.** The summary should include the type, address, and time of the meeting. Additional information should include an assessment of the behavioral, cognitive, social, and affective elements/activities observed at the meetings as well as the student's own personal reactions and feelings. **The four summaries of visits made should be submitted to your advisor upon completion, before you enroll for internship courses.**

Meeting Requirements (Students should attend only meetings that are listed as open to the public. Contact information for specific groups concerning meeting schedules and locations is readily available in the Yellow Pages and via the Internet.):

- One meeting of Alcoholics Anonymous
- One meeting of Narcotics Anonymous
- One meeting of Alanon
- One meeting of another 12-step oriented group such as Cocaine Anonymous, Overeaters

Anonymous, Gamblers Anonymous, Adult Children of Alcoholics (ACOA), Codependents Anonymous (CODA), etc.

To arrange visits, contact:

Portland Area AA Intergroup, (503) 223-8569; www.portland-aa.org

Portland Area NA, (503) 284-1787

Portland Area Alanon, (503) 292-1333

Portland Alano Club, (503) 222-5756

The following are some general guidelines for you to follow as you attend these meetings yourself.

1. There are various types of meetings, including speaker meetings, small group meetings, and open and closed meetings. **Open meetings are the type you should attend.** These are open to anyone. Closed meetings are for individuals who are attending for their own need (i.e. people with drug addiction attending NA meetings) and it is not appropriate for you to attend those meetings as a professional.
2. When attending a meeting, you will be interacting with a number of people and may or may not be asked to introduce yourself to the group. Even if you do not speak or participate in the meeting you attend, individuals before or after the meeting are likely to strike up conversations with you. **BE HONEST.** It is appropriate to say something like: "I'm a graduate student in a counseling program and I'm here to learn more about (AA, NA, etc.). I want to have the knowledge and experience I need to help my clients find the places they can get assistance with (alcohol problems, eating problems, etc.)."
3. **DON'T** tell people you are only there as a requirement for school. It may be considered insulting to those in attendance. People attend these groups to help them survive and cope with tremendous difficulties and they deserve your respect.
4. Yes, you will probably feel uncomfortable at your first meeting. This is part of the point of attending. If you accidentally get into a closed meeting, apologize politely, ask whom you can contact about an open meeting, and leave.
5. All meetings have a different "flavor" to them, depending on who is in attendance and the norms of the group. Be open to a variety of experiences.
