Course Reading

Texts:

2) Moodle: Other readings are available on Moodle, the Lewis & Clark online course program. Log on to moodle.lclark.edu (note there is no www.), sign in using your L & C login (same as email). Use course enrollment code provided in class or by email. If you have ANY trouble with Moodle, contact the Helpdesk at 503-768-7225, consult@lclark.edu or Maia Penchansky maiap@lclark.edu or 503 – 768-6195.

3) Ethical Guidelines:
Students will obtain and bring a current copy of the ACA Ethical Guidelines to class.
Catalog Description:
Basic theoretical assumptions of the counseling profession, with an overview of its historical roots, social, cultural contexts, types of practice, ethical principles, and professional orientation.

Learning Objectives:
Guided by the CACREP standards of learning about professional identity, this class will provide an understanding of:

- History and philosophy of the counseling profession
- Professional roles, functions, and relationships with other human service providers
- Professional organizations like ACA, divisions, functions, and services to members
- Professional credentialing, certification, licensure, accreditation practices, professional organizations, journals and effects on public policy
- The role of professional counselor in advocating on behalf of the profession
- Advocacy processes needed to address institutional and social barriers that impede access, equity, and success for clients
- Ethical standards of ACA and related entities, and applications of ethical and legal considerations in professional counseling
- The current modes and settings of the counseling practice
- How to be conversant about philosophical, ethical, and political issues regarding the role of counselors in various settings through both discussion and writing
- Researching information about counseling which includes the use of technological competence and computer literacy

Class Assignments/Grading:

1. Attendance and participation: You MUST attend AND PARTICIPATE in all classes. If an emergency requires that you miss a class or any portion of a class, make up work will be required. The exact content of this makeup assignment will be determined by the instructor. **More than one absence may lead to a failure to complete requirements for credit.**

Participation: Each week there will be an assignment related to the readings, you may be given questions to consider and be prepared to discuss, you may develop questions, there may be an activity to complete and share with classmates, or you need to be prepared to discuss your 12-step meeting attendance and diversity experiences on the assigned dates. **Look to the Moodle page to see if you are being asked to create discussion questions to bring to class – if so, these will be turned in as well.**

2. Two Part Social Locations and Professional Interests Paper:

Part 1: Describe your interest in the counseling profession and include elements of how your personal social locations have influenced your decision to become a professional counselor. Your social
locations include but are not limited to the following elements: **physical ability, culture, race/ethnicity, gender, socioeconomic status, exile/migration, religious and spiritual beliefs, language, education, sexual orientation and age.** This should also include a description of your personal educational and professional goals. Please do not use your personal statement from your application to the program. This paper should focus on a self-analysis of the impact of your individual, cultural, and social context factors that have influenced you and your decision to become a counselor and your goals as a professional. Think about these as external influences based on your specific social locations. Example: How have society’s or your family/friends messages about your gender influenced your career path. Maximum length: 4-6 pages, APA style double spaced, 12 pt font.

Part 2: Look at the ACA subdivisions, choose the ones that are most related to your professional interests, find the journals associated with those divisions and find an article specifically related to your professional interests. After reading this article find two more articles from other sources related to this topic. List articles in APA style and write 3-4 sentences in review of each article, add a paragraph about something new you learned about your area of interest.

*Paper: 50 points each part – Total 100* **OCT 7**

3. Class work creating a history of counseling timeline (**Sept 23**).  
   **Timeline:** 25 points

4. Power, Privilege, and Difference Experience: Spend 4 hours in an experience where you are interacting with people different from you. Goals: 1) Examine honestly your interest and comfort in interacting with people who are different from you 2) Determine how much you are ready to push yourself to do what feels uncomfortable, it is o.k. to stay in your comfort zone, for now. This is an exercise to help you get ready for the rest of your program where you will be pushed into your discomfort zone. However, the more you are willing to take a risk and push yourself now, the more you will benefit in your entire program. 3) Commit to an attitude of learning, not “cultural tourism,” your goal is to *experience* not to merely observe.

Your experience MUST BE APPROVED prior to completing it. Please write a one paragraph description of your activity and your reason for choosing it/what you expect to learn.

Write a reflection paper about the experience describing the activity and what you learned from it. (3-4 pages max)

*Experience Approval Due: Sept 30*

**P, P & D ExperiencePaper/discussion: 100 points Due 19**

4. Attend a minimum of one 12-step meeting as required for your portfolio.  
   **12-step Attendance:** 25 points **Due Oct 28**

5. Professional Counselor Development Portfolio, **50 points, Due November 4**  
   See attached description for requirements, end of syllabus.

6. Background Check: Required to receive grade. You are required to initiate the background check to receive your grade; however, no points are awarded. The record is not required to be clear, but if a student’s background check reveals a record not disclosed on the application to the program,
procedures for student difficulties will be followed (See Professional Mental Health Student Handbook).

Grading scale:

90-100%  A  
80-89%    B  
Below 80%: As graduate students, you are expected to do the work as assigned and described. If you are unable to complete the work at an acceptable level of performance you will be asked to complete the work again or to complete alternative tasks. A grade of B or above is considered acceptable performance for the class.

Students with Disabilities

The Student Support Services Office, located in the Templeton Student Center, is a resource for students with disabilities. A variety of services are available through this office according to the particular needs of each student. Students interested in such services may contact Student Support Services at 503-768-7191. This contact is the necessary first step for receiving appropriate accommodations and support services. Please inform me if you need accommodations in class.

Schedule –As a group who has come together to learn and share we are unique from any other class. The schedule may change to accommodate our particular class needs. The course schedule is posted on the Moodle webpage, please check the page each week for updates.
CPSY 503 Introduction to Professional Counseling
Fall 2013
Professional Counselor Development Portfolio

Please note, we are moving to an online portfolio system, but it is not yet in place. I will let you know the progress. Hopefully you will be able to upload all of this information by the due date if the online system becomes available. If the online version is not up and running in time, please follow the instructions below.

Instructions: Purchase a 2-4” notebook with plastic insert cover and section dividers (for each section underlined). Make a section for each of the following headings. The first group of items is required for CPSY 503, the second group is to be completed prior to practicum, and the third for program completion and personal recordkeeping. The portfolio is designed to both evaluate your work AND to provide a location for you to save important information from your program for you future use in obtaining licensure.

**Required Prior to Practicum –**

**Must meet with your advisor to approve**

**Resume (curriculum vitae format, include institutes and degrees)**

**Helping Experience**
Description of 200 hours or more of experience in helping roles: This may be in previous employment, volunteer work or practicum placements. If you have other kinds of experience that might apply, check with your advisor about including that experience.

**Documentation of Collaboration Skills**
List your collaborative experiences as a developing professional counselor in training: work interactions with advisors, professors, instructors, peers. Please include the context; team projects, small group projects, class projects and other scenarios where you can describe your role and contributions to the group.

**Documentation of Personal Counseling**
Document at least 10 hours of personal counseling (individual, couple, family, or group). Documentation does not require you to reveal any personal material, but does require both you and your professional mental health provider to sign a statement indicating that you completed at least 10 hours of personal counseling. This personal work should be completed by the end of your first three semesters in your degree program. The Department will also accept documentation of personal counseling completed prior to admission to the Counseling Psychology program. If you want information or advice about how and where you can obtain this experience, your advisor will be happy to discuss options with you. The internship/practicum administrator maintains a list of counselors who provide low-cost services.

**12-Step Program Attendance**
1. Attend a minimum of four meetings of various 12-step oriented groups
2. Prepare a one-page, single-spaced summary of each of the separate meetings attended.

We strive to prepare students in a comprehensive and best practice-based course of study to work effectively with clients impacted by the full range of presenting problems. This preparation includes acknowledging the importance of both mental health issues as well as the substance use disorders that often co-occur with mental health problems. Of specific importance to effectively treating dual diagnosis clients is developing a basic understanding of addiction and the role of community-based, 12-step groups that serve as vital supports to effective treatment efforts.

In recognition of this, all students are required to attend a minimum of four meetings of various 12-step oriented groups held in their communities. (By having the experience yourself, you should be more able to empathize with a client who may be involved in the recovery community or anticipating attending a meeting for the first time. In addition, you will be able to give basic information to clients about how to contact 12-step groups, where to go, and what to expect.) Students are also required to prepare a one-page, single-spaced summary of each of the separate meetings attended. The summary should include the type, address, and time of the meeting. Additional information should include activities observed at the meetings as well as the student’s own personal reactions and feelings. The four summaries of visits made should be submitted to your advisor upon completion, before you enroll for internship courses.

**Meeting Requirements** (Students should attend only meetings that are listed as open to the public. Contact information for specific groups concerning meeting schedules and locations is readily available in the Yellow Pages and via the Internet):
• One meeting of Alcoholics Anonymous
• One meeting of Narcotics Anonymous
• One meeting of Alanon
• One meeting of another 12-step oriented group such as Cocaine Anonymous, Overeaters Anonymous, Gamblers Anonymous, Adult Children of Alcoholics (ACOA), Codependents Anonymous (CODA), etc.

To arrange visits, contact:
Portland Area AA Intergroup, (503) 223-8569; www.portland-aa.org
Portland Area NA, (503) 284-1787
Portland Area Alanon, (503) 292-1333
Portland Alano Club, (503) 222-5756

The following are some general guidelines for you to follow as you attend these meetings yourself.

1. There are various types of meetings, including speaker meetings, small group meetings, and open and closed meetings. **Open meetings are the type you should attend.** These are open to anyone. Closed meetings are for individuals who are attending for their own need (i.e. people with drug addiction attending NA meetings) and it is not appropriate for you to attend those meetings as a professional.

2. When attending a meeting, you will be interacting with a number of people and may or may not be asked to introduce yourself to the group. Even if you do not speak or participate in the meeting you attend, individuals before or after the meeting are likely to strike up conversations with you. **BE HONEST.** It is appropriate to say something like: “I’m a graduate student in a counseling program and I’m here to learn more about (AA, NA, etc.). I want to have the knowledge and experience I need to help my clients find the places they can get assistance with (alcohol problems, eating problems, etc.).”

3. **DON’T** tell people you are only there as a requirement for school. It may be considered insulting to those in attendance. People attend these groups to help them survive and cope with tremendous difficulties and they deserve your respect.

4. Yes, you will probably feel uncomfortable at your first meeting. This is part of the point of attending. If you accidentally get into a closed meeting, apologize politely, ask whom you can contact about an open meeting, and leave.

5. All meetings have a different “flavor” to them, depending on who is in attendance and the norms of the group. Be open to a variety of experiences.
