Class Assignments/Grading:

1. Attendance and participation: You MUST attend AND PARTICIPATE in all classes. If an emergency requires that you miss a class or any portion of a class, make up work will be required. The exact content of this makeup assignment will be determined by the instructor. More than one absence may lead to a failure to complete requirements for credit.

Participation: Each week there will be an assignment related to the readings, you may be given questions to consider and be prepared to discuss, you may develop questions, there may be an activity to complete and share with classmates, or you need to be prepared to discuss your 12-step meeting attendance and diversity experiences on the assigned dates. Look to the Moodle page to see if you are being asked to create discussion questions to bring to class – if so, these will be turned in as well.

2. Two Part Social Locations and Professional Interests Paper:

Part 1: Describe your interest in the counseling profession and include elements of how your personal social locations have influenced your decision to become a professional counselor. Your social locations include but are not limited to the following elements: physical ability, culture, race/ethnicity, gender, socioeconomic status, exile/migration, religious and spiritual beliefs, language, education, sexual orientation and age. This should also include a description of your personal educational and professional goals. Please do not use your personal statement from your application to the program. This paper should focus on a self-analysis of the impact of your individual, cultural, and social context factors that have influenced you and your decision to become a counselor and your goals as a
professional. Think about these as external influences based on your specific social locations. Example: How have society’s or your family/friends messages about your gender influenced your career path. Maximum length: 4-6 pages, APA style double spaced, 12 pt font.

Part 2: Look at the ACA subdivisions, choose the ones that are most related to your professional interests, find the journals associated with those divisions and find an article specifically related to your professional interests from an ACA journal. After reading this article find two more articles from other sources related to this topic. List articles in APA style and write 3-4 sentences in review of each article, add a paragraph about something new you learned about your area of interest.

**Paper: 50 points each part – Total 100 June 4**

3. Class work creating a history of counseling timeline **May 21**.

   **Timeline: 25 points**

4. Power, Privilege, and Difference Experience: Spend 4 hours in an experience where you are interacting with people different from you. Goals: 1) Examine honestly your interest and comfort in interacting with people who are different from you 2) Determine how much you are ready to push yourself to do what feels uncomfortable, it is o.k. to stay in your comfort zone, for now. This is an exercise to help you get ready for the rest of your program where you will be pushed into your discomfort zone. However, the more you are willing to take a risk and push yourself now, the more you will benefit in your entire program. 3) Commit to an attitude of learning, not “cultural tourism,” your goal is to experience not to merely observe.

   Your experience MUST BE APPROVED prior to completing it. Please write a one paragraph description of your activity and your reason for choosing it/what you expect to learn.

   Write a reflection paper about the experience describing the activity and what you learned from it. (3-4 pages max)

   **Experience Approval Due: May 21**

4. **P, P & D ExperiencePaper/discussion: 100 points Due June 18**

   **12-step Attendance: 25 points Due May 21**

5. Professional Counselor Development Portfolio, **50 points, Due June 25**

   See attached description for requirements, end of syllabus.

6. Background Check: Required to receive grade. You are required to initiate the background check to receive your grade; however, no points are awarded. The record is not required to be clear, but if a student’s background check reveals a record not disclosed on the application to the program, procedures for student difficulties will be followed (See Professional Mental Health Student Handbook).
