Catalogue Description and Course Goals
Instruction and practice in developing group treatments for children and adolescents in clinical and school settings. Students explore group dynamics, potential problems encountered when running children's groups, and generalization and maintenance of behavioral change. Specific issues including divorce, substance use, grief, and social skills will also be addressed. Prerequisite: CPSY 503 or 502/503 (may be taken concurrently). Credit: 3 semester hours.

In this class, we will address topics ranging from very practical “how to” applications of group counseling to more theoretical constructs of group dynamics and group interaction. There will be a heavy emphasis placed on the experiential and dialogic aspects of group learning in this class. The primary goal of this class is to help participants increase skills, comfort level, and flexibility as group leaders and group counselors. The following class objectives for class participants support this primary goal:

6c. therapeutic factors and how they contribute to group effectiveness
6d. characteristics and functions of effective group leaders
6e. approaches group formation, including recruiting, screening, and selecting members
6f. types of groups and other considerations that affect conducting groups in varied settings
6g. ethical and culturally relevant strategies for designing and facilitating groups
6h. direct experiences in which students participate as group members in a small group activity, approved by the program, for a minimum of 10 clock hours over the course of one academic term

Entry-Level Specialty: Clinical Mental Health Counseling (CACREP 2016 Standards)

Social Justice in Action Paper
You are asked to write a 3-4 page academic paper before we begin our counseling groups with the sixth graders following the guidelines below:

- Author uses clear and effective use of spelling, punctuation, and grammar in communicating ideas. Paper is 4-5 pages long, 12-point font, typed, stapled, printed on two sides, with line spacing of 1.5. Use APA format for all within-text citations. Do not include a separate reference page if you only cite course texts. (1 point)

- Author uses clear and effective construction for meaning at all levels (sentence, paragraph and whole paper) with helpful transitions between each provided. All sections of each paper described below are present and well-articulated (within and between). (1 point)

- Opening: In the right hand corner of the first page of your paper, include your name, project number and title. In the opening paragraphs, describe what do you intend to do in the paper and why. (1 point)

- Body:
  - Provide your own definition and examples of social justice
  - Provide quotations from each of the first three weeks of readings in relation to the topic
  - Describe the ways in which you can address issues of social justice, large or small, through your work with the sixth graders over the nine weeks in your small groups
  - Describe the ways in which you can imagine learning more about social justice through leading the counseling groups with sixth graders at Ron Russell Middle School. (5 points)

- Paper closing: Summarize what you have covered in this paper. Set goals for yourself regarding what you hope to learn. (1 point)

- Proofreading paragraph: Identify the person/classmate who proofread your paper and what you learned in the proofreading process. (1 point)

Group Leadership Dialectical Skills Rubric
As a major component of this course, you will be supervised as you lead and/or co-lead a social skills counseling group for children at a Ron Russell Middle School in the David Douglas school district on nine scheduled days during class time. You will receive supervision and evaluation on your participation, efforts and growth within these group sessions in developing the skills detailed in the Group Leadership Dialectical Skills Rubric below in this syllabus. Your supervisor will use this rubric to give you developmental feedback during the course and summative feedback at the end of the course. (9 items x 2 points each = 18 points total)
**Leadership Journal Entries**

You are asked to send to your supervisor (either Diane or Peter) via Google Docs a single document named “Leadership Journal Entries” that you will use to reflect on your small group leadership skills on five of the dates detailed in the calendar below. To compose these reflections, you are asked to listen each week to your audio recordings of the group and reflect upon individuals within the group, the group’s development as a whole, and/or your experience as a leader within the group. Please send these journal entries to your supervisor by the date and time mentioned in the calendar. Your supervisor will send back comments before your next group. Each of the five entries will be graded based on the following guidelines:

- Author uses clear and effective use of spelling, punctuation, and grammar in communicating ideas. Journal entry is approx. 2 pages long, and is linked to the previous weeks’ journals. (1/5 point)

- Author uses clear and effective construction for meaning at all levels (sentence, paragraph and whole paper) with helpful transitions between each provided. All sections described below are present and well-articulated (within and between). (1 point)

- Opening: Include your name, project number and title. In a brief opening paragraph, describe what do you intend to do in the paper and why. (1 point)

- Body (Linking theory and practice):
  1) Provide two relevant transcriptions from your group audio recordings (each approx. 1/2 page) to highlight one skill that is a strength for you as a group leader and one that you are still developing/challenged by.
  2) Provide relevant and substantial quotations from the class readings (each at least 40 words or more, single-spaced, indented ½ inch). Describe why you chose these quotes and make links to group issues, processes, or leadership in your sixth-grade groups. (3 points)

- Paper closing: Summarize what you have covered in this paper by describing what you have learned as a person and as a professional. Set goals for yourself regarding your “growing edges” as a group leader and how you will reach those goals by the end of the term. (1/2 point)

**Practicum Group Data Presentation**

On the last day of class, you and your group co-leader are asked to present the quantitative group evaluation data (maintaining anonymity for group members) to the class for reflection and discussion. Please send electronic versions of the data to both professors before the final class:

- A brief, 12-minute presentation, 3-5 slides, sent to professors before the final class meeting (2 points)

- Quantitative: Provide an image/graph that represents the individual and cumulative results of the weekly survey data you collected each week in your group and discuss what this data reveals. (2 points)

- Summary reflections: In your presentation, make brief references to the final week’s readings regarding group and leadership evaluation and briefly summarize what you both have learned in the process of leading this group and what you would recommend for the sixth-grade group project moving forward. (1 point)

**Pre, Mid, and Post Assessments**

During our first class period, we will ask you to write about your experience, interests and concerns regarding the topic of our class as a pre-assessment. Please respond on a separate piece of paper to the following questions. Your honest and open responses to these questions will help us to understand your needs in the class and how we might address them.

1) What kind of history or experience do you have with group counseling and group dynamics?
2) What interests you or concerns you about the class or syllabus?
3) How would you rate yourself on the skills outlined in the Group Leadership Rubric?

In the middle of the term, you will be asked to fill out a midterm self- and course-evaluation as honestly and completely as possible. This evaluation helps give us an idea as to how the class is going for you and if you are
achieving your own learning goals as well as ours for the class. For the final class, you will be asked to complete a Course evaluation.

**CPSY Departmental Attendance Policy, Professional Standards, and Make up Assignments**

Because of the importance of our in-class time together, regular and timely class attendance and engaged participation are expected and will be assessed and feedback will be provided using the Class Professional Standards evaluation below. Missing more than ten percent of class time may result in failure to complete the class. This would be 4.5 hours of a 45 hour class (3 credits), 3.0 hours for a 30 hour class (2 credits) or 1.5 hours for a 15 hour class (1 credit.) In case of extreme hardship and also at the discretion of the instructor, a grade of incomplete may be given for an assignment or the entire course. In such cases, the work to be submitted in order to remove the incomplete must be documented appropriately and stated deadlines met. Any missed class time will be made up by completing extra assignments described below. Students are expected to be on time to class and tardiness may be seen as an absence that requires make-up work. Due to its importance in setting up the term, students may need to drop the class if the first class session is missed. Please contact the instructor prior to class or due dates regarding any absences from class or problems with assignment deadlines. Please notify the instructor of any special learning considerations in relation to the American Disabilities Act that will need to be taken into account.

Any significant missed class time will require a **standard make-up assignment**, due the following week: A three page paper in which you: 1) describe what you learned from interviewing two individuals who attended the class you missed, and, 2) discuss the chapters due during the week you missed, including comments, questions and what you learned regarding those readings, or discuss challenges encountered in leading your group that week.
