**Catalog Description:** Basic theoretical assumptions of the counseling profession, with an overview of its historical roots, social, cultural contexts, types of practice, ethical principles, and professional orientation.

**Course Objectives:** See syllabus cover sheet

**Student Learning Outcomes/Key Required Assignments:** See syllabus cover sheet for details. All students are evaluated in their classes but they are also evaluated across the program to demonstrated competency in the Program Student Learning Outcomes. Each course will have a cover sheet that explains which assignments will become part of your overall assessment. Also see Program Handbook for a full list of expectations and scoring across the program, assessment methods, and remediation requirements. Please be aware the Fall 2015 is the first semester we fully implemented this overall student evaluation. Please be patient as we work out challenges with adopting a new system of evaluation and a new software program (Taskstream).

ALL ASSIGNMENTS IN THIS COURSE will be uploaded to Taskstream for use as a key required assignment.

Note: If you have a disability that may impact your academic performance, you may request accommodations by submitting documentation to the Student Support Services Office in the Albany Quadrangle (x7156). After you have submitted documentation and filled out paperwork there for the current semester requesting accommodations, staff in that office will notify me of the accommodations for which you are eligible.

**Course Readings:**

- Ethical Guidelines: Students will find and bring a current copy of the most recent ACA Ethical Guidelines to class.

- Links to additional required reading will be posted to Moodle
**Course requirements:**

1. Class attendance is expected and required. Any missed class time will be made up by completing extra assignments designed by the instructor. Missing more than ten percent of class time may result in failure to complete the class. This would be 4.5 hours of a 45 hour class (3 credits), 3.0 hours for a 30 hour class (2 credits) or 1.5 hours for a 15 hour class (1 credit.) In case of extreme hardship and also at the discretion of the instructor, a grade of incomplete may be given for an assignment or the entire course. In such cases, the work to be submitted in order to remove the incomplete must be documented appropriately and stated deadlines met. Students are expected to be on time to class and tardiness may be seen as an absence that requires make-up work.

2. ACA Website scavenger hunt: Upload to Taskstream

3. Two Part Social Location (Part I) and Professional Interests (Part II) Paper:

   Part 1 (Social Location): Describe your interest in the counseling profession and include elements of how your personal social locations have influenced your decision to become a professional counselor. Your social locations include but are not limited to the following elements: physical ability, culture, race/ethnicity, gender, socioeconomic status, exile/migration, religious and spiritual beliefs, language, education, sexual orientation and age. This should also include a description of your personal educational and professional goals. Please do not use your personal statement from your application to the program. This paper should focus on a self-analysis of the impact of your individual, cultural, and social context factors that have influenced you and your decision to become a counselor and your goals as a professional. Think about these as external influences based on your specific social locations. Example: How have society’s or your family/friends messages about your gender influenced your career path? Length: 5-10 pages

   Part 2 (Professional Interests):
   A) Look through the ACA subdivisions and choose the ones that are most related to your professional interests. Find a journal that is associated with each division you chose. Find at least one article specifically related to your professional interests from the journal you identified.
   B) After reading this article, find two more articles from other sources related to this topic (hint: you can find related articles in the references list of the first article). List each of your new articles in APA style and write a 3-4 sentence review of each article.
   C) Write a summary paragraph about something new you learned about your area of interest through this exercise.

4. Power, Privilege, and Difference Experience: Spend 4 hours in an experience where you are interacting with people different from you in social locations, values, or culture. One of the basic skills a counselor must master is the ability to adopt an attitude of learning about others. You must move beyond any tendency to make assumptions about people based on their similarity or differences to you and your background and experiences. Some of you will have had a lot of experience with learning about others, some very little. Another way to think about this is to imagine that anyone can be your client. Which folks would you be least comfortable counseling? Why? What can you do to increase your competence to work with all clients? Write a reflection paper about the experience describing the activity and what you learned from it. (3-4 pages maximum).
Your experience MUST BE APPROVED prior to completing it. Please write a one paragraph description of your activity and your reason for choosing it/what you expect to learn.

Goals:
A) Examine honestly your interest and comfort in interacting with people who are different from you.
B) Determine how much you are ready to push yourself to do what feels uncomfortable, it is o.k. to stay in your comfort zone, for now. This is an exercise to help you get ready for the rest of your program where you will be pushed into your discomfort zone. However, the more you are willing to take a risk and push yourself now, the more you will benefit in your entire program.
C) Commit to an attitude of learning, not “cultural tourism,” your goal is to experience not to merely observe.

5. Roles and functions Jeopardy reflection, 1 page maximum. *Paper form turned in during class, upload to Taskstream later in the semester*

6. Attend a minimum of one 12-step meeting as required for your portfolio. Write one page summary. *12-step Attendance: Upload to Taskstream*

7. History of counseling timeline (completed in class). *Take picture and upload to Taskstream*

8. Self Care Plan: completed in class **Nov 10 (last day of class)**, upload to Taskstream.

9. Professional Counselor Development Portfolio
   The full portfolio is due mid-semester in your semester prior to practicum. However, portions of it will be completed during your first semester (see Program Handbook and Moodle page for requirements).

10. Background Check: Required to receive grade. You are required to initiate the background check to receive your grade for the course.

11. Professional Qualities Evaluation (PQE): The PQE is an instrument used in the program to assist students in learning, and to evaluate, the development of key professional qualities needed to be successful in the field of counseling. The instructor will complete the evaluation and discuss any issues with you that need to be addressed. Low scores may also result in a referral to the Benchmark Review Committee or an Academic Review Committee. See program handbook for details on these committees and the review/remediation process.

**Grading:**
1. Attendance—Make up assignment for any missed activities
2. ACA Website scavenger hunt—10%
3. Two Part Social Location (Part I) and Professional Interests (Part II) Paper—25%
4. Power, Privilege, and Difference activity and reflection—25%

This course is graded in accordance with the grading policy of the Graduate School of Education and Counseling, available for viewing in the Navigator Student Handbook (http://www.leclark.edu/graduate/student_life/handbook/registration_policies/index.php#system) and is the point equivalent of that grading scale (A = 4.0  A- = 3.7  B+ = 3.3  B = 3.0  B- = 2.7  C+ = 2.3  C = 2.0  C- = 1.7  D+ = 1.3  D = 1.0  F = 0.0). Letter grades for each assignment will be converted to grade points multiplied by the percentage of the assignment’s contribution to the final grade. The GPA is then converted back to a letter grade.
