Assignment Details and Grading:

All written assignments are to be submitted via **Taskstream** unless otherwise indicated.

1. Attendance

Class attendance is expected and required. Completing extra assignments designed by the instructor will make up any missed class time. Missing more than ten percent of class time may result in failure to complete the class. This would be 4.5 hours of a 45 hour class (3 credits), 3.0 hours for a 30 hour class (2 credits) or 1.5 hours for a 15 hour class (1 credit.) In case of extreme hardship, and also at the discretion of the instructor, a grade of incomplete may be given for an assignment or the entire course. In such cases, the work to be submitted in order to remove the incomplete must be documented appropriately and stated deadlines met. Students are expected to be on time to class and tardiness may be seen as an absence that requires make-up work.

2. Participation

Each week there will be an assignment related to the readings. You may be given questions to consider and be prepared to discuss, you may develop questions, there may be an activity to complete and share with classmates, or you may need to be prepared to discuss your 12-step meeting attendance and diversity experiences on assigned dates. Well-prepared students make for the best class discussions!

3. Meeting with Advisor

Prior to the end of this class, you will be required to have met with your advisor and completed the First Advisor Meeting sheet.

4. Group presentation and short paper on Support Group Attendance

The end of the first class, you will select groups to complete this assignment. As a group, you will select *one* type of outside support meeting (e.g. Narcotics Anonymous, Alcoholics Anonymous, SMART Recovery, Al-Anon, Cocaine Anonymous, Marijuana Anonymous, Gamblers Anonymous, Refuge Recovery, etc.). If possible, each member of your group will then attend a *different* meeting of your chosen type. This will allow your group to have multiple perspectives and experiences to include in your final presentation. As a group, you will then create a 10-15 minute PowerPoint or Prezi to present in class. You will be given *some* time to work in your groups during class but are expected to complete this assignment with additional time outside of class if needed.

To receive full points on this assignment, your presentation should include the following information in your group's presentation: (1) A brief history of your chosen meeting; (2) What meetings each group member attended; (3) 4-5 summary points about what your group learned in your meeting experience(s); and (4) If you would recommend your attended meetings to clients and why or why not. **(20 points)**

In addition, each group member will turn in a 1-2 page summary of his/her experience attending his or her respective outside support meeting. In this summary be sure to include the name, location, and date of the meeting you attended. **(5 points)**

Total points: 25 points

*All groups will present in class and individual papers are due on **September 29th**.*

5. Three Part Social Locations and Professional Interests Paper

Part I (Social Locations): Describe your interest in the counseling profession *and* why you are choosing the addictions specialization. Include elements of how your personal social locations have informed your decision to become a professional counselor. Your social locations include but are not limited to the following elements: *physical ability, culture, race/ethnicity, gender, socioeconomic status, exile/migration, religious and spiritual beliefs, language, education, sexual orientation and age*. This should also include a description of your personal educational and professional goals. **Do not use your personal statement from your application to the program.** This paper should focus on a self-analysis of the impact of your individual, cultural, and social context factors that have influenced you and your decision to become a counselor and your goals as a professional. This portion of your paper should be a minimum of 3-4 pages. Formatting should be consistent with APA style, double-spaced, and use Times New Roman 12 pt font. You do not need to reference any published material but should you choose to do so you must cite your references appropriately and include a reference page. **(40 points)**

Part II (Professional Orientation): Describe your career goals and where you see yourself in the future as a professional counselor. Be sure to include what type of professional settings in which you hope to work (private practice, community mental health, hospital, etc.), what type of population or populations with whom you plan to work and any specialized areas of professional interest. This is not a commitment! It is an exploration of your current professional goals. This portion of your paper should be a minimum of 2-3 pages. **(30 points)**

Part III (ACA Website): Look at the American Counseling Association (ACA) subdivisions on the ACA website (<http://www.counseling.org>), choose the ones that are most related to your professional interests you discussed in Part II, find the journals associated with those divisions and find an article specifically related to your professional interests. After reading this article find two more articles from other sources related to this topic. List articles in APA style and write 3-4 sentences in review of each article, add a paragraph about something new you learned about your area of interest. **(30 points)**

Total points: 75 points

*Parts I, II and III are all due no later than **October 20th**.*

6. Self-Care Plan

Throughout the term, we will have group check-ins at the start of every class that will include students sharing and discussing their current self-care activities and plans. We will also engage in a variety of mindfulness and grounding activities. Although not required, I will ask for volunteers if anyone has a specific activity he or she wishes to share with the class or walk us through.

Each student will need to submit a one-page write-up summarizing your current self-care plans, including how you've needed to adapt your various activities over the term if applicable.

Total points: Pass/No Pass

Assignment due no later than November 10th.

7. Counseling Timeline Project: This assignment will be completed entirely in class. You will spend the first two hours of class making a creative timeline of the history of counseling. It will be crucial that you have completed all of your required course readings up until this point in order to create a comprehensive timeline! As this is a creative project, you will be supplied with butcher paper, magazines, markers, etc. to create a visual timeline. You are free to bring in additional supplies if you wish. You can utilize your text book(s) and/or any other credible source you can find. Each student should strive to make his/her timeline unique and interesting.

This assignment will be completed during the last class meeting of the term. As you will be required to upload a photo of your final product to Taskstream in order to receive credit, please bring either a cell phone with camera capabilities or a digital camera to take a picture of your timeline in class. It is the student's responsibility to make sure a picture of their final product is uploaded to Taskstream promptly for final grading.

Total points: Pass/No Pass

Assignment completed in class on November 10th.

8. Background Check: Required to receive grade. You are required to initiate the background check to receive your grade; however, no points are awarded. The record is not required to be clear, but if a student's background check reveals a record not disclosed on the application to the program, procedures for student difficulties will be followed (*See Professional Mental Health Student Handbook*).
