

CPED 572/CPCE 833: Introduction to Eating Disorders

1 CREDIT
FALL 2018

INSTRUCTOR

Jacqueline Abbott, DrPH, RDN, LD, CEDS

TIME AND PLACE: 9:00 am to 5:30 pm on September 8 and 15, 2018.

CATALOGUE DESCRIPTION

This course is an overview of the etiology of eating disorders, including biological, cultural, socio-economic and environmental factors. Assessment and diagnosis of eating disorders, appropriate levels of care and medical complications and barriers to treatment will be reviewed. Comprehensive treatment modalities will be considered from a team based approach. The medical model of obesity and its impact on eating disorders will be explored.

COURSE STRUCTURE

This is a one credit course. Didactic presentations will be balanced by group activities, media presentations and guest speakers who are experts in the field. Course activities include readings professional journals, group reflection exercises and experiential activities.

COURSE OBJECTIVES

At the end of the course, students will be able to identify/describe:

1. Criteria for each eating disorder as described in the DSM-V with an understanding of current and historical classification schemes.
2. Medical, biological, neurological, genetic, psychological, economic and socio-cultural issues that predispose, precipitate and maintain across the lifespan. .
3. Recognition and cause for physical consequences and treatment of eating disorders.
4. Goals for appropriate medical and nutritional stabilization and treatment based on APA guidelines and accepted standards of care..
5. Appropriate screening instruments, biological measures, interviews and data that reflect evidence based guidelines.
6. Effective theories of treatment such as CBT, DBT, ACT, FBT and intuitive eating to determine an appropriate and individualized treatment plan.
7. Misconceptions about weight, BMI, obesity, healthism and their impact on eating disorders.
8. Co-occurring psychological disorders and treatment options.
9. Effects of the current and empirical research on influences on eating behavior from a biological, cognitive and socio-cultural perspective.
10. Family based treatment concepts using effective strategies to meet the needs of individuals and families using a team based approach.
11. Effective methods of early intervention and prevention.
12. Insight into personal reaction regarding food . weight and body image and how these impact the counseling relationship.
13. Barriers to treatment.
14. Treatment options and community resources for all socioeconomic levels.

COURSE REQUIREMENTS AND EVALUATION

In-Class Participation: You are expected to complete and be ready to discuss readings before each class. Course participants learn from each other. Your active engagement in class activities is therefore expected. **Please refrain from use of computers and cell phones during class.**

Assignments and Projects: The assignments have been chosen to help provide an opportunity to deepen your knowledge about particular eating disorder topics that may be of interest to you and to provide an understanding of treatment options and resources that are available to clients.

1. Your history of your relationship with food. How was food viewed when you were a child? How were sweets handled in your family? What were the attitudes of your loved ones toward food, exercise and health? Did you have family dinners? How did your family view "obesity"? Were you ever put on diet or choose to diet? What does healthy mean to you? Name five things that you appreciate about your body.

Please prepare a written summary. Privacy will be respected. We will have an open discussion on this issues in Session 2.

2. Food journal. This assignment will be done the week between Session 1 and Session 2. Download the Kartini Food Plan at kartini.com. Follow it exactly as prescribed for 4 days. Journal what this experience was like for you. For the next 3 days, practice intuitive eating and mindful practices. You may use the BEST form provided or record as best for you. Journal how this experience was for you. Include 4 pros and 4 cons of each method.

3. Refection Journal. The purpose of this assignment is to help you consider your role in the eating disorder treatment team and how you might facilitate or hinder client progress. Keep a personal self-reflection journal throughout the course to express your reactions to the different theories as to the etiologies of eating disorders and different treatment modalities reviewed. What do you think you would use or not use? What are the pros and cons? Write a brief summary of your impressions.

4. Take home quiz on all medical and nutritional information presented in Session 1.

GRADING:

Grades will be computed as follows:

Your Relationship with Food	25%
Food Journal	25%
Personal Reflection	25%
Take Home Exam	25%

A: 90-100%

B: 80-89%

C. 70-79%

Session 1: 9/8/18	Readings	Assignments	Due
<p>History of eating disorders.</p> <p>Overview of DSM-V criteria.</p> <p>Spectrum of Disordered Eating</p> <p>Predisposing; precipitating and participating factors.</p> <p>Medical and nutritional consequences.</p> <p>Standards of care and protocol.</p> <p>The comprehensive treatment team.</p> <p>Assessment instruments.</p> <p>Levels of treatment.</p> <p>ARFID Guest Speaker: Keelie Korsiness, MSci., RDN, LD Clementine</p> <p>Family based treatment strategies.</p> <p>Guest Speaker: Leslie Weisner, MA, LMFT. <p>Review of Your Relationship with Food and Food Journal assignments</p> <p>Effective Treatment Modalities Guest Speaker: Zanita Zody, LPC, PHD Clinical Director, Clementine</p>	<p>Session 1 and Session 2 assigned readings</p>	<p>Your Body Food journals</p> <p>Take home exam.</p>	<p>Sept. 15</p>

Impact of medical model of obesity.			
Impact of healthism.			
The non diet Approach.			
Intuitive eating.			
HAES			
Early intervention and prevention.			
Case studies.			
Resources.			
You as clinician, reflection journal.			

ATTENDANCE POLICY

Class attendance is expected and required. Missing more than ten percent of class time may result in failure to complete the class. This would be 4.5 hours of a 45 hour class (3 credits), 3.0 hours for a 30 hour class (2 credits) or 1.5 hours for a 15 hour class (1 credit.) In case of extreme hardship and also at the discretion of the instructor, a grade of incomplete may be given for an assignment or the entire course. In such cases, the work to be submitted in order to remove the incomplete must be documented appropriately and stated deadlines met. Students are expected to be on time to class and tardiness may be seen as an absence that requires make-up work.

COURSE SCHEDULE

This course meets 9:00 am to 5:30 pm on Saturday, September 8 and Saturday, September 15.

NON-DISCRIMINATION POLICY/SPECIAL ASSISTANCE

Lewis & Clark College adheres to a nondiscriminatory policy with respect to employment, enrollment, and program. The College does not discriminate on the basis of race, color, creed, religion, sex, national origin, age, handicap or disability, sexual orientation, or marital status and has a firm commitment to promote the letter and spirit of all equal opportunity and civil rights laws.

SPECIAL ASSISTANCE

If you need course adaptations or accommodations because of a disability and/or you have emergency medical information to share please make an appointment with the instructor as soon as possible.
