REQUIRED TEXTS

COURSE DESCRIPTION
This course provides experience in applying family therapy theory to clinical practice in our departmental clinical training facility, the L&C Community Counseling Center, while concurrently beginning an externship in a community agency. Through live supervision and team consultation, students will have the opportunity to apply a variety of systemic ideas and practices reflective in social justice based Marriage and Family Therapy approaches. Throughout your clinical practice, you will participate in group and individual supervision. You may be asked to meet with your supervisor alone or with one other MFT trainee in the program. Individual supervision is defined as no more than two supervisees meeting with a supervisor face to face. Depending on your location, you will also meet as a group with up to 10 other MFT students who are working at various sites. This group supervision will be led by an AAMFT Approved Supervisor or the equivalent.

The majority of supervision (at least 50%) must be based on raw data (i.e., live observation/video-tapes of sessions with clients or co-therapy with your supervisor). These arrangements must be maintained during academic breaks when you are not actually enrolled in the course but are seeing clients through your affiliation with Lewis and Clark College. This syllabus serves as a contract between you, the program, and your individual faculty supervisor. Before you graduate, you must complete 500 hours of direct client contact (250 relational) and 100 hours of supervision as detailed in the MCFT Clinical Training Handbook.

COURSE OBJECTIVES
As a result of this course students will:
1. Apply their developing skills and understanding of systemic clinical processes to treatment planning and practice of marriage, couple, and family therapy.
2. Engage in self-reflection and supervision practices that facilitate development of clinical skills.
3. Integrate family therapy theory, equity, and social location issues in clinical practice.
4. Demonstrate ethical clinical judgment in consultation with supervisor and practicum group.

Throughout your clinical experience and supervision, you will be working on numerous areas of your clinical work. Areas that will be included in your evaluation at the end of the semester are outlined at the end of this document. Please review them.

COURSE REQUIREMENTS
The following assignments are also required to receive course credit. Unprofessional behavior and/or failure to demonstrate appropriate clinical progress could also result in No Credit for the course.

1. Attendance, participation, disposition and dress code
   - Timely attendance and active participation in all activities is expected.
   - Participate in supporting the professional development of all class members.
   - Keep your supervisor informed regarding the status of all of your cases.
   - Contact your supervisor immediately should you encounter a clinical emergency or suspect the need to report abuse or neglect.
• Dress code: business casual. How you dress always conveys a social message, even if none is intended. Avoid short skirts and low cut chest exposing shirts.
• Learn how to use the recording equipment and computer related technology.
• Clean up after yourself and keeping the clinic space neat and clean.

2) Ethics
Practice according to the American Association for Marriage and Family Therapy (AAMFT) code of ethics and the Oregon State Laws. Inform your individual supervisor, CPSY 582 instructor/group supervisor, and/or the program clinical coordinator of any potential ethical or legal infractions you may be involved in or know about.

3) Completion of weekly assignments given by supervisors (IFS, genograms and attachment)

4) Genograms creation, analysis and presentation

5) Timely completion of progress notes and other forms of documentation

6) Supervision
• Let your supervisor know when supervision is and isn’t “working” for you so that you can maintain a positive working relationship.
• Be involved and offer input about all cases presented during supervision, even if you are not directly seeing the clients.
• Maintain contact and respond in a timely manner to clients and other professionals.
• Complete any additional requirements agreed on by you and your supervisor(s)

7) Professional Practice
• Adhere to all policies, procedures, and expectations at each clinical site.
• Maintain complete and timely case notes.
• Maintain professional image and relationships.

8) Reflective Case Analysis.
• Review video of your clinical work on a weekly basis.
• Discuss your cases class using video material

9) Documentation—REQUIRED TO RECEIVE CREDIT FOR THE SEMESTER
• Document your clinical contact and supervisor hours on monthly logs and have your supervisor sign them. Your practicum instructor needs to sign both the off-site log and the L&C log.
• At the end of the semester complete the clinical hours summary (found under forms on the MCFT webpages). Submit the summary with all monthly hour logs attached to Ayshia in the CPYS office. amoua@lclark.edu
• Upload end of term supervisee evaluations on Taskstream. Your supervisors will complete an electronic evaluation and print you a copy. Then you meet with your supervisors to review it and complete the signature and goals form. Each of the following must be uploaded:
o printed copy of your extern supervisor’s evaluation, with the signature form on top

o printed copy of your L&C supervisor's evaluation, with the signature form on top

- On Taskstream, complete a confidential evaluation of each of your supervisors.

CPSY DEPARTMENTAL ATTENDANCE POLICY

Class attendance is expected and required. Any missed class time will be made up by completing extra assignments designed by the instructor. Missing more than ten percent of class time may result in failure to complete the class. This would be 4.5 hours of a 45 hour class (3 credits), 3.0 hours for a 30 hour class (2 credits) or 1.5 hours for a 15 hour class (1 credit.) In case of extreme hardship and also at the discretion of the instructor, a grade of incomplete may be given for an assignment or the entire course. In such cases, the work to be submitted in order to remove the incomplete must be documented appropriately and stated deadlines met. Students are expected to be on time to class and tardiness maybe seen as an absence that requires make-up work.

DISABILITY SERVICES STATEMENT

If you have a disability that may impact your academic performance, you may request accommodations by submitting documentation to the Student Support Services Office in the Albany Quadrangle (503-768-7192). After you have submitted documentation and filled out paperwork there for the current semester requesting accommodations, staff in that office will notify me of the accommodations for which you are eligible.

DISCLOSURE OF PERSONAL INFORMATION

The Commission on Accreditation for Marriage and Family Therapy Education (COAMFTE) requires the program to have “established policies for informing applicants and students regarding disclosure of their personal information” (COAMFTE Standard 140.02, 2003). Each student should decide for him/herself what information to disclose. Students are advised to be prudent when making self-disclosures. The program cannot guarantee confidentiality of student disclosures given the group environment, although personal comments should be considered private and confidential – and remain only in the classroom – unless an exception to confidentiality applies.

CELL PHONES

Cell phones must be silenced and text messaging is not allowed during class time. If there is an emergency you may exit the class to use your cell.

EVALUATION AND GRADING

Grade is Credit/No Credit. To pass, students must complete all requirements and assignments as described, including submitting end-of-term evaluations of each supervisor and their evaluations of their supervisors uploaded on Taskstream. Failure to receive credit means that the student may not move forward into the next term of internship and administrative withdrawal from the program. Your supervisors will evaluate your clinical progress based on the criteria attached at the end of this syllabus.
