DISABILITY SERVICES STATEMENT
If you have a disability that may impact your academic performance, you may request accommodations by submitting documentation to the Student Support Services Office in the Albany Quadrangle (503-768-7192). After you have submitted documentation and filled out paperwork there for the current semester requesting accommodations, staff in that office will notify me of the accommodations for which you are eligible.

TEACHING METHODS
A variety of teaching methods will be utilized during Art Therapy Internship in order to achieve the above objectives. Among those methods will be assigned readings, class discussions, experiential activities, and lectures. Students will watch videos clips, engage in group learning tasks, and participate in role-play demonstrations.

CPSY DEPARTMENTAL ATTENDANCE POLICY
Class attendance is expected and required. Any missed class time will be made up by completing extra assignments designed by the instructor. Missing more than ten percent of class time may result in failure to complete the class. This would be 4.5 hours of a 45 hour class (3 credits), 3.0 hours for a 30 hour class (2 credits) or 1.5 hours for a 15 hour class (1 credit.) In case of extreme hardship and also at the discretion of the instructor, a grade of incomplete may be given for an assignment or the entire course. In such cases, the work to be submitted in order to remove the incomplete must be documented appropriately and stated deadlines met. Students are expected to be on time to class and tardiness may be seen as an absence that requires make-up work.

DISCLOSURE OF PERSONAL INFORMATION
Each student should decide for themselves what information to disclose. Students are advised to be prudent when making self-disclosures. The program cannot guarantee confidentiality of student disclosures given the group environment, although personal comments should be considered private and confidential – and remain only in the classroom – unless an exception to confidentiality applies.

CELL PHONES
Cell phones must be silenced and text messaging is not allowed during class time. If there is an emergency you may exit the class to use your cell.

CLASS PREPARATION
Student must complete all assigned readings and watch any assigned video prior to attending class. This will allow for concentrated focus on application of readings in class. Watching videos will help bring models to life, allowing for a better understanding of the material.

REQUIRED TEXTS & READINGS
Weekly readings are to be completed for the day indicated. Student is expected to be prepared to discuss the ideas and concepts discussed in the readings. Student is responsible for all of the assigned readings, whether or not they are discussed in class.
