

SPSY 544: Assessment 1 Lab
Practical Skills in Psychoeducational Assessment
Spring Semester, 2022

GENERAL COURSE INFORMATION

Instructor:	Mariana Rocha, Ph.D., NCSP
Class Day and Time:	Section 1: Thursday 5:00 pm-5:55 pm Section 2: Thursday 6:00 pm - 6:55 pm Section 3: Thursday 7:00 pm-7:55 pm
Class Location:	Rogers Hall, Room 218
Office Hours:	Phone or Zoom by appointment
Phone:	503-616-8699
Email (preferred):	mrocha@lclark.edu

Credit: 1 semester

Students should be concurrently enrolled in SPSY 545.

Required Text: None

Required Materials: Stopwatch (that does not beep), Clipboard (optional)

Course Description:

This course is a 1-credit lab course designed to be taken in conjunction with SPSY 545. SPSY 545 focuses on cognitive and academic measures. This course is designed to prepare students to understand and learn the process of assessment. The course format stresses the formative evaluation of student progress toward a criterion of competence. Students are expected to master the administration, scoring, and basic interpretation of specific cognitive and achievement measures to a high level of mastery. Additional training and experience will be necessary, however, to further develop and refine skills and to apply them to diverse individuals in a variety of settings. *Students demonstrating initial competence following this course will be ready for further training in individual intellectual assessment in supervised practicum experiences, but not for unsupervised/independent practice.*

Course Goals and Objectives:

1. Demonstrate initial competence in the standardization administration, scoring, interpretation, and reporting of the WJ-IV COG, WISC-V, and WJ-IV ACH.
2. Recognize measurement principles for selecting, using, and interpreting assessment tools.
3. Become familiar with ethical and legal standards and responsibilities in regard to test materials.
4. Exhibit interpersonal relationship skills including the ability to develop rapport with an examinee and communicate in a sensitive manner when providing feedback.

GRADING COMPONENTS AND SCALE

Assessment practice logs	= 60 points
Competence checks	= 50 points
Attendance, with materials	= 70 points
Panel participation and question generation	= 10 points

Participation & Preparation: Please be present, arrive on time, read and review assigned subtests prior to

class, bring proper test materials (test kit, clipboard, stopwatch), remain on task and engaged, practice test administration in class, and participate in class discussion and asking questions. If there are concerns with a student's participation and preparation, the instructor will first warn the student. If difficulties continue, the instructor may implement a grade reduction.

Panel: During the week of **April 18th** for 2 hours we will be hosting a panel of school psychologists to talk about assessment practices in schools. Details to be announced soon. Prior to attending the panel, you are to work with a small group to develop a set of 10 questions to ask the panel members. These questions are due to the course instructor via Moodle by **April 4th**. You are expected to (and will be graded on) submit questions by the expected date, arrive on time, attend the full panel, and remain on task and engaged. If you are unable to attend, you must inform the instructor by **April 1st** via email and an alternative assignment will be given.

Course grading scale

93-100% = A 90-92% = A- 87-89% = B+ 83-86% = B 80-82% = B-
77-79% = C+ 73-76% = C 70-72% = C- ≤69% = F

ATTENDANCE

SPSY Departmental Attendance Policy: Class attendance is expected and required. Any missed class time will be made up by completing extra assignments designed by the instructor. Missing more than ten percent of class time may result in failure to complete the class. This would be 4.5 hours of a 45 hour class (3 credits), 3.0 hours for a 30 hour class (2 credits) or 1.5 hours for a 15 hour class (1 credit.) In case of extreme hardship and also at the discretion of the instructor, a grade of incomplete may be given for an assignment or the entire course. In such cases, the work to be submitted in order to remove the incomplete must be documented appropriately and stated deadlines met. Students are expected to be on time to class and tardiness may be seen as an absence that requires make-up work.

ADDITIONAL REQUIREMENTS/EXPECTATIONS

Each student must have the following: Stopwatch (cannot beep) and Clipboard (optional). Students are to bring their clipboard (optional), stopwatch, and appropriate test kit to each class.

Professional Conduct and Academic Integrity Policy: All Lewis & Clark students are responsible for knowing the standards of professional conduct and academic integrity. Please refer to the Lewis & Clark graduate catalog for the Standards of Professional Conduct and Academic Integrity Policy.

Disability Services: If you have a disability that may impact your academic performance, you may request accommodations by submitting documentation to the Student Support Services Office in the Albany Quadrangle (503-768-7192). After you have submitted documentation and filled out paperwork there for the current semester requesting accommodations, staff in that office will notify me of the accommodations for which you are eligible.

Incomplete: Incomplete (I/INC) grades may be given when circumstances beyond the control of the student prevent him/her from completing the course on time. It is the responsibility of the instructor, in consultation with the student, to decide whether the student has a legitimate reason for not completing the work on time. When assigning a grade of incomplete, the instructor will communicate to the student the work required to resolve the incomplete, and assign a deadline within a maximum of one year by which the work must be complete. If the incomplete is not resolved by the deadline, it will become a permanent incomplete (PI). Students must resolve all incomplete grades in courses required for their program before

registering for SPSY 582 Internship in School Psychology.

This is a very rigorous course which requires a lot of outside work. Any concerns that arise regarding the inability to meet course and time demands should be discussed with the professor immediately when these arise.
