

Lewis & Clark College
 Graduate School of Education and Counseling
Principal License Course & Sequence Sheet
27 Semester Hours

The Principal License program is a semi-structured cohort in that students begin the course sequence in the fall semester. As practicing professionals, students advance through the on-campus program at their own pace, but scheduling allows for possible completion in six (6) terms. Program length depends on the number of courses taken per semester and the students' own time line for finishing the requirements.

Regional, off campus classes are cohort-based. Metro students are not offered regional classes for this reason. The program currently has active cohorts in Central Oregon and Eastern Oregon (Pendleton and Ontario).
