GSEC School-Based Programs: Passrates, by program, matriculation AY, & exam AY

*Scores on exams other than those required for a student's license/endorsement are not included in this dataset.

*n = Candidates attempting the exam; Rept = number of repeaters; AvgReptAtt = average number of repeat attempts per repeater; StdDevReptAtt = standard deviation of repeat attempts; HS Min/Max/Avg/Passrate = High-score Min/Max/Avg/Passrate

*Average score & passrate calculated w/ highest score per student per exam.

*State mean scores for NES exams reported out of ResultsAnalyzer prior to 11/2019 system update vary from state means provided thereafter. Benchmark data reported here for exam years going back to 2017-18 are drawn from the new system; prior exam years still list the state means reported in the old system.

*State mean scores for Praxis exams from ETS Data Manager.

*State mean left blank for exam years where benchmark data is unavailable.

*Data as of 5/3/23
