**Catalogue Description:**

This course is the first of a three-part assessment sequence that addresses prevention, intervention, psycho-educational, social/ emotional and behavioral assessment of children and adolescents from birth through age twenty-one. In this course, the focus is on gaining competency with the skills and tools needed to collect and present data, rating scales, and intervention.

**Course Objectives:**

The objective of the course is to develop familiarization with overall procedures of intervention, collection and analysis of information in order to understand individual factors and function in reference to students within a school community. Cultural and linguistic diversity will also be incorporated into the information presented in lecture. Class assignments will focus on working within groups in a collaborative manner to develop questions, team planning and interventions for students. According to the National Association of School Psychologists Standards for Training and Field Placement Programs in School Psychology are based on domains that must be addressed in the course context and structure as follows:

- NASP 2.1 Data-Based Decision-Making and Accountability
- NASP 2.2 Consultation and Collaboration
- NASP 2.3 Effective Instruction and Development of Cognitive/ Academic Skills
- NASP 2.4 Socialization and Development of Life Skills
- NASP 2.5 Student Diversity in Development and Learning
- NASP 2.8 Home/ School/ Community Collaboration
- NASP 2.9 Research and Program Evaluation
- NASP 2.11 Information Technology

**Professional Standards:**

Students are expected to follow professional standards, including adherence to legalities and ethics. In addition, students need to show a respectful demeanor toward students, parents, professional peers, and others. Students need to be timely in completing work; they must honor class attendance and hours. Department policy is that students may miss one class each semester, with appropriate make-up work, but if two classes are missed, the student is in danger of failing the class. If students miss a class, they need to discuss required make-up work with the instructor. Students are expected to use appropriate professional tools, including technological tools, as needed and appropriate. Students are expected to be aware of and respect diversity and multicultural issues.

**Students with Special Needs:**

The Student Support Services Office, located in the Templeton Student Center, is a resource for students with disabilities. A variety of services are available through this office according to the particular needs of each student. Students interested in such services may contact the Student Services Office at 503-768-7191. This contact is the necessary first step for receiving appropriate accommodations and support services. Please inform me if you need accommodations in class.

**Assignments:**

There will be two assignments, one of which will be completed in class in small group. Two assignments will be completed individually and involves the use of the computer lab.
