**Course Description and Goals/Objectives:**

(School Psychology Review (NASP), Communique (NASP, 2 articles), School Psychology Quarterly (APA, Div. 16).

(NASP Domains 2.10 School Psychology Practice and Development)

Students will complete 20 hours of observation in the public schools. They will discuss observation experiences in class and write a reaction paper. During our last class, we will compile a list of advice given from school professionals.  
Purpose: To observe the larger milieu of public schools to understand the broad spectrum of student services in schools. (NASP Domains 2.2 Consultation/Collaboration, 2.6 School Organization; 2.6)

Students will develop a first-year portfolio, including an updated resume with a reference letter and shadowing experiences.

**Extra-Curricular Program Requirements:**  
Students will prepare for practicum. Refer to SP Forms 2 and 6.
**Professional Standards:**
Students are expected to follow professional standards, including adherence to legalities and ethics. In addition, students need to show a respectful demeanor towards students, parents, professional peers, and others. Students need to be timely in completing work; they must honor class attendance and hours. Department policy is that students may miss one class each semester, with appropriate make-up work, but if two classes are missed, the student is in danger of failing the class. If students miss a class, they need to discuss required make-up work with the instructor. Students are expected to use appropriate professional tools, including technological tools, as needed and appropriate. Students are expected to be aware of and respect diversity and multicultural issues.

**Students with Special Needs:**
The Student Support Services Office, located in the Templeton Student Center, is a resource for students with disabilities. A variety of services are available through this office according to the particular needs of each student. Students interested in such services may contact the Student Services Office at 503-768-7191. This contact is the necessary first step for receiving appropriate accommodations and support services.
